

Need help with housing? Our new Housing Options approach could just be the answer.

Housing Options is a new approach which offers personal advice to anyone who may need housing advice or assistance. It aims to support you if you feel you are struggling to stay in your current home, to help you make informed choices about your housing options/future and to prevent you from becoming homeless.

Developed by Glasgow Housing Association and Glasgow City Council with other Housing Associations, the NHS and the voluntary sector; Housing Options has been independently evaluated to show very positive results.

Housing Options looks at your individual circumstances; your housing & personal needs and choices. This will include any support needs or other specific needs you tell us about. We will help you to consider access to Social Housing (Housing Associations), the Private Rented Sector, Ownership Options, Homelessness services and consider support to help you remain in your current home.

A Housing Options interview will take about 45 minutes and we will offer solutions tailored to your personal needs.
